

I am writing to make you aware of my concern over Sinclair Broadcasting's use of public airwaves to further their particular political agenda. If after airing this personal and political smear against John Kerry, they do not provide a corresponding opportunity to the John Kerry campaign to counter such a smear this media giant is in violation of the FCC regulations. It is clear to see that this company is not fulfilling its obligation to serve the public interest by its blatant use of public airspace for political and corporate gain. If we cannot count on media organizations to provide us, the public, with accurate and unbiased information, then I fear for the future of our democracy.
